If boarding multiple pets from the same family, I give permission for them to go outside together.    **YES**    **NO**    **N/A**

### Boarding Requirements and Policies:

- A **\$50 non-refundable deposit** is due at the time of scheduling boarding for your pet during holiday stays. When you check out, this amount will be deducted from your invoice. If you cancel a reservation within 2 weeks of check-in, the deposit is forfeited.
- All pets left for boarding must be current on all required vaccinations **including Rabies and Distemper**. Dogs must also have had a **Bordetella** vaccine within six months and a negative **fecal examination** within the past year. Pets with fleas and/or ticks upon arrival will be treated at the owner's expense.
- Please be assured that while boarding if your pet experiences any mild digestive issues, we will monitor and treat as necessary. We will speak with you regarding these issues when you pick up your pet, so please allow adequate time at pick up time.
- For any condition, other than a minor problem, Mayfair Animal Hospital will provide medical treatment and an attempt will be made to contact you at the emergency numbers you have provided us. If you will be unreachable, please provide a contact that has permission to make medical decisions for your pet. There may be additional charges if your pet requires treatment while boarding.
- Every dog is walked at least three times a day and provided any diet or treats you wish to bring, **with the exceptions of rawhides or treats that are considered hazardous if swallowed**. If a pet comes without food or runs out of food, we will feed appropriate amounts of a gastroenteric diet. If your pet is on a prescription diet that we carry in stock, we will dispense accordingly at the owner's expense.
- We are unable to schedule extra boarding services on Saturday afternoons, Sundays, and holidays.
- Pets can respond differently here than they would at home. If pets boarded together become stressed, we will separate them for their safety. In the case of an injury, appropriate treatment will be given and pets will be separated for the remainder of the stay. Charges will be based on the services and housing provided.

**I understand and agree to the boarding requirements and policies of Mayfair Animal Hospital.**
